IN BRIGHT SILVER METALLIC

NEW 4WD SYSTEM RULES THE ROAD

Introducing Selec-Trac® II, the most advanced four-wheel-drive (4WD) system in its class,⁽¹⁾ now exclusively available on the all new 2008 Jeep® Liberty. When in 4WD AUTO mode, the always-active 4WD transfer case provides continuous, optimum traction that effortlessly conquers rocks, snow, ice, mud and anything in-between. When traction loss tries to rear its nasty head, Selec-Trac II identifies the situation and immediately sends torque to the wheels with the most grip. It's Jeep brand Trail Rated® capability through and through. Selec-Trac II offers a unique two-wheel-drive mode, an efficiently strong feature that perfectly pairs with dry pavement.

Hill Start Assist (HSA) is new and standard, too. Working to help Liberty reach the highest heights, HSA will momentarily hold brake pressure as you climb, fighting vehicle roll back and eliminating the need for two-footed driving in many off-road situations. The available Hill Descent Control (HDC) assists when Liberty comes down the mountain. Active in 4LO when the HDC button is depressed, it mimics the mighty Wrangler Rubicon's 4LO crawl ratio using automatic braking, allowing the driver to smoothly descend hills in a slow and controlled manner.

THE 2008 JEEP® LIBERTY INCLUDES A LIFETIME POWERTRAIN LIMITED WARRANTY. No deductible. See dealer for a copy of limited warranty and details. Non-Transferable. Not available on certain fleet vehicles.

The standard 3.7L V6 engine produces a robust 210 hp and 235 lb-ft of torque at 4,000 rpm, with a generous dose of power at the engine's low-end that provides more pull when the going gets tough.

The new and optional Selec-Trac® II offers BEST-IN-CLASS 4WD performance⁽¹⁾ with its real-time traction response. This exclusive system is constantly active and adjusting to road conditions and your individual driving style, delivering the optimum capability called for at every moment. No wonder it puts all other 4WD systems in its class to shame.

⁽¹⁾Based on *Automotive News* 2007 Entry-Level Sport-Utility segment.

JEEP TRAIL RATED[®] vehicles are designed to perform in a variety of off-road conditions identified by five performance categories:

ARTICULATION

The ability to keep tires in contact with the road, providing traction to climb over large obstacles.

TRACTION

The ability to transfer power to the road or trail along with the ability of the suspension to keep the wheels in contact with the terrain.

MANEUVERABILITY

The ability to navigate around obstacles that are tightly situated.

GROUND CLEARANCE

The ability to drive over large obstacles or logs in combination with approach/departure/breakover angles.

WATER FORDING

The ability to cross a specific depth of water at a specific speed.

Do not attempt water fording unless depth is known to be less than 20 inches. Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas.

THE BIG, OPEN SKYWAY

Look up and out. The view is wide open and free. The day's bold sun, the stars of the night, clouds, trees, buildings and birds — everything seems closer. Your world feels more alive. It's "Wow" times 10 every time you get behind the wheel.

Introducing the all new Sky Slider™ roof, Jeep® Liberty's industry-exclusive full-length, fully retractable roof. With one simple touch of a button, the optional Sky Slider roof automatically retracts to give you that special one-of-a-kind Jeep brand open-air experience. Sky Slider is Wrangleresque in its appeal, ultra-fresh in its distinctive design.

Take one look at the Sky Slider roof and you won't be surprised to learn that this exclusive feature has the largest opening in its class,⁽¹⁾ offering a massive 33- x 60-inch window to let you see, unencumbered, straight into the upper atmosphere. An anti-trap safety system⁽¹⁾ immediately sends the Sky Slider roof into auto-reverse if an obstacle is detected during operation.

The Sky Slider roof opens front to back exposing both rows of seating, and back to front revealing only the second row, or any position in between. There's no better highway to take you on an exhilarating scenic tour of your world and the sky beyond.

⁽¹⁾ Detects most obstacles. As with all electronically controlled systems, care is advised.

The Sky Slider roof can be gathered fully forward, or fully rearward, or partially opened to any position in-between. The roof is integrated into the vehicle's body via a reinforced safety cage-like frame consisting of 10 lightweight aluminum crossbars that help maintain structural integrity and add an element of protection. The reinforced nylon fabric nests into a specially designed weather-strip seal that's purposefully created to virtually eliminate wind noise when closed. Factory installation ensures optimum fit, finish and function.

TESTED AND RE-TESTED

Our professional Jeep® brand mud-splashers were charged to take the new Sky Slider™ roof through the muddiest, snowiest, iciest gauntlet imaginable. What fun they had, spraying dirt in Sky Slider's track, dousing it with salt water, whipping it with extreme wind and rain, piling it with snow and ice. And at the end of the day, after taking Sky Slider beyond two lifetimes of use that included 19,000 opening and closing repetitions, our testers gave it kudos all around. So go ahead. Jump in your Liberty with its Sky Slider roof and feel free to have fun out there.

SOUND IMPROVEMENTS. The standard auxiliary jack comes along for the ride when you option the AM/FM six-disc CD/MP3 changer, allowing you to plug in and play portable music devices.

Raise your audio experience up a notch with the available ∞Infinity® Premium Sound System that sends out 368 watts of amplified power to nine speakers, including a booming eight-inch sub-woofer positioned in Liberty's rear cargo hold. Add MyGIG® Multimedia Infotainment System to this state-of-the-art audio experience and you'll enhance your adventure by a few decibels or more.

SLATE GRAY INTERIOR

GO EVERYWHERE, HEAR EVERYTHING

The all new 2008 Jeep® Liberty takes first-rate sound systems to a first-class level. Opt for one of the most innovative multimedia systems out there with the MyGIG® Multimedia Infotainment System with touch-screen capability, your Liberty's centralized command center for music, photos, communication, traffic navigation and more, using a USB 2.0 interface to upload media to a 20GB hard drive. The optional Premium Sound Group upgrades Liberty's sound system with an AM/FM stereo, six-disc CD/MP3 changer. On Sport it adds a one-year subscription to SIRIUS Satellite Radio with over 130 channels of commercial-free music, entertainment, talk radio and more. It also includes a six-speaker sound system that boosts the beat for a near-reality experience due to its expanded digital processing power. It includes four 6.5-inch speakers positioned in each door and two tweeters mounted in the instrument panel. And on Limited it adds the UConnect® Hands-Free Communication System.

MYGIG® MULTIMEDIA INFOTAINMENT SYSTEM.⁽¹⁾ Rip and store up to 1,600 songs (MP3 and WAVE formats) along with a personalized photo slide show and screen saver (in JPG format). An AM/FM stereo, six-disc CD/MP3/WMA player and SIRIUS Satellite Radio, all with Gracenote® Music File Management, round out your entertainment experience. SIRIUS Satellite Radio delivers over 130 channels, including 100% commercial-free music, sports, news, talk, entertainment, traffic and weather. Factory-installed SIRIUS Satellite Radio includes a one-year subscription. For more information, go to sirius.com. A GPS Navigation system with voice-activation helps you reach your destination with real-time traffic updates. An integrated Voice Dialogue System allows command and control of audio, navigation and phone functions. Bluetooth® connectivity adds to your safety and security.

⁽¹⁾MyGIG in-dash DVD capability is not available in all states. See your local dealer for details.

WELCOME TO A WORLD-CLASS RIDE

The benchmark was raised: create a new road to adventure that's comfortably accessible. And so, the all new 2008 Jeep® Liberty climbs to these lofty heights with design and engineering developments that never compromise its renowned strength, agility and capability. The result: a bigger, stronger, sure-footed Liberty destined to lead its class.

The details: A wheelbase that's 2 inches longer and a track that's 1 inch wider help to create a smoother, more stable ride. New independent front suspension and five-link rear suspension provide a smart blend of riding comfort and nimble handling. Front and rear stabilizer bars help balance tire loads, adding to Liberty's outstanding on- and off-road performance. New power-assisted rack-and-pinion steering impart confidence with precise, advanced vehicle control.

LET'S FACE IT. Delivering a world-class ride sometimes takes a bit of doing. We're talking about "anti-dive geometry" — that's what helps keep the all new 2008 Liberty more level during braking. There's also "anti-squat geometry." This valiant feat of engineering helps get rid of that funny unattractive "bounce" that low-brow vehicles sometimes have during heavy acceleration and quick stops. No matter how you say it, the improvements to this Liberty are pretty darn good.

JEEP LIBERTY LIMITED SHOWN IN MODERN BLUE PEARL

PEACE OF MIND

The all new 2008 Jeep® Liberty arrives at your doorstep loaded with a solid set of safety and security features. A standard air bag⁽¹⁾ system includes side-curtain and advanced multistage driver and front passenger air bags. Active features like Liberty's Electronic Stability Program (ESP)⁽²⁾ keep watch as you drive, taking immediate action should the unexpected occur. A host of integrated systems, including Electronic Roll Mitigation (ERM), antilock brake system (ABS), Brake Assist and Traction Control, work together to give you a sense of mastery on the road.

⁽¹⁾Always sit properly in the seat with the seat belt fastened. Always observe the passenger air bag indicator lamp to determine if the Occupant Classification System (OCS) is appropriate. Children 12 and under should always be in the backseat correctly using an infant or child restraint system or the seat belt positioned correctly for the child's age and weight.

⁽²⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Please always wear your seat belt.

⁽³⁾Late availability.

CLASS EXCLUSIVE. Liberty's available Trailer Sway Control (TSC) works in tandem with ESP and ABS. By alternating brake pressure, it helps reduce trailer sway and improves handling in adverse towing conditions caused by crosswinds and traffic. Choose the newly available Rain-Sensing Automatic Wipers⁽³⁾ to quickly swipe away falling cloud residue during inclement weather or those friendly dots of mud that spray from excitable off-road mud puppies.

JEEP LIBERTY LIMITED LEATHER-TRIMMED INTERIOR SHOWN IN TWO-TONED PEBBLE BEIGE

URBAN SOPHISTICATION

The all new 2008 Jeep® Liberty earns straight “A’s” when it comes to cabin comfort and convenience. Available Automatic Temperature Control lets you preset the desired cabin temperature once, so you can keep your attention on the road ahead. The system takes over to automatically adjust airflow as needed, dehumidify and maintain a constant level of cabin comfort. It also includes an Air Filtration System that can filter out particles down to 10 microns in size, like pollen, mold spores and dust.

Liberty’s all new interior plays nice with a sweet list of available features. The class-exclusive memory driver’s seat, mirror and radio hold presets for two drivers; UConnect® Hands-Free Communication System connects your compatible cell phone to Bluetooth® technology for convenient hands-free calling. Remote Start System, ParkSense® Rear Park Assist and auto on/off headlamps are convenient safety and security options.

Available YES Essentials® stain resistant, odor resistant, antistatic premium seat fabric⁽¹⁾ maintains its fresh and new appearance no matter how much abuse it takes. Or, choose the available leather-trimmed heated front seats that provide quick comfort in cold temps. Select a high or low setting depending on what the weather brings.

BEST-IN-CLASS. The 2008 Jeep® Liberty offers the most combined comfort and convenience features in its class.⁽²⁾

⁽¹⁾Not compatible with aftermarket fabric-protecting coatings.

⁽²⁾Based on *Automotive News* 2007 Entry-Level Sport-Utility segment. Comparison includes standard and available features; feature availability varies per model.

BRING IT ON

Matching its out-sized capability is the all new 2008 Jeep® Liberty's up-sized utilitarian interior. Up front, Liberty's center console offers a full 10 liters of storage space to keep small items safely out of sight. Plus, you can choose to option a handy 115-volt AC outlet, conveniently placed at the rear of the center console, for 150-watt output of power that's useful for laptops, gameboxes and other small electronic devices. Liberty's cargo area is longer by 3 inches, adding lots more room for the family pooch or other treasured belongings. The reversible rear cargo tray is a welcome feature for folks who like to play dirty. One side is carpeted and the other reveals a 2.5-inch-deep, washable cargo tray designed to transport items like happy, wet dogs or your muddiest sporting goods.

Liberty's second row of fold-flat seats are more comfortable for passengers than ever, with an additional 1.5 inches of legroom and now with a unique reclining feature that lets rear passengers adjust their seatbacks for extra comfort. Power window controls are now situated on the door armrests.

Liberty's front-passenger seat now folds flat so it can perform extra duties as a tabletop. The additional open cargo space is very utilitarian as well. Available.

115-volt AC inverter outlet located at the rear of the center console provides 150-watt output for powering up laptops, gameboxes and other small electronic devices. Available.

Liberty Limited comes with YES Essentials® stain resistant, odor resistant, antistatic premium seat fabric.⁽¹⁾ Standard.

⁽¹⁾Not compatible with aftermarket fabric-protecting coatings.

BEST-IN-CLASS.

The 2008 Jeep® Liberty offers the most flexible seating and cargo options in its class.⁽¹⁾ Cargo capacity is 31.5 cu ft with rear seat up and expands to 64.2 cu ft with Liberty's 60/40 split-folding rear seats moved to the "down" position.

⁽¹⁾Based on total available passenger and cargo configurations of vehicles in the *Automotive News* 2007 Entry-Level Sport-Utility segment.

JEEP LIBERTY LIMITED SHOWN IN BRILLIANT BLACK CRYSTAL PEARL

CIVILIZED FREEDOM

The all new 2008 Jeep® Liberty Limited delivers some exceptionally big news: Liberty brings a delightful set of exceptional road manners and civilized amenities along for the ride. City-dwellers, here's the mid-sized SUV you've been hoping for — one that's imbued with substance, style and superb handling. It's all due to a longer, wider stance and new Short-Long-Arm (SLA) independent front suspension and a solid axle five-link rear suspension. The upgraded power rack-and-pinion steering helps Liberty maintain its nimble handling. Powered by a standard 210-horsepower 3.7L V6 that's enhanced with Electronic Throttle Control (ETC), the engine's efficient behavior is perfectly matched with Liberty's newest, most advanced four-wheel-drive system,⁽¹⁾ the available Selec-Trac® II.

Integrated fog lamps and available 18-inch chrome-clad aluminum wheels help complete the picture of a whole new world of freedom that is civilized, fashionable and, above all, filled with fun.

⁽¹⁾Based on *Automotive News* 2007 Entry-Level Sport Utility segment.

Now the liftgate features self-rising flipper glass for easy access into the interior. A concealed latch in the lightbar releases the glass and also opens the gate. A release button on the key fob raises the glass remotely, making it convenient to get inside when your hands are full.

A Tire Pressure Monitor Display is standard on Limited. It automatically sends data from transmitters in each valve stem to a monitoring display.

FEARLESS FRIEND

Designed to live the Trail Rated® life of a modern off-road superhero, the all new 2008 Jeep® Liberty Sport is primed to rescue you from dull driving anywhere you go. Equip your Sport with the optional Selec-Trac® II active 4WD system for full-time four-wheel-drive capability. It's automatically paired with Liberty's standard 210-horsepower 3.7L V6 engine with Electronic Throttle Control.

Bring along your high-powered toys when you equip Sport with the optional Class III Trailer Tow Group with Trailer Sway Control (TSC), a new, class-exclusive feature.⁽¹⁾ TSC works with the standard Electronic Stability Control (ESP) to automatically help maintain vehicle and trailer stability. Add some sun inside the cabin with the optional tilt-and-slide power sunroof. Or, increase your view of the world around you by 255 percent with the Sky Slider™ industry-exclusive full-length, fully retractable roof.

BEST-IN-CLASS The 2008 Jeep Liberty offers unsurpassed towing capacity and class-exclusive Trailer Sway Control.⁽¹⁾ Properly equip your Sport and you can tow up to 2.5 tons of fun.

⁽¹⁾When properly equipped. Based on the *Automotive News* 2007 Entry-Level Sport-Utility segment.

JEEP LIBERTY SPORT SHOWN IN LIGHT GRAYSTONE PEARL WITH ROOF TOP CARGO BASKET[®] AND ROOF BASKET CARGO NET,[®] FRONT END GRILLE GUARD[®], SPORT UTILITY BARS AND FRONT AIR DEFLECTOR, AUTHENTIC JEEP ACCESSORIES BY MOPAR. (FOR MORE INFO, SEE PAGES 30 AND 31.)

PLAY ROOM. The all new 2008 Jeep® Liberty Sport gives you plenty of interior room to roam and lots of places to store maps, flashlights and other fun stuff. The center console gives you 8 liters of storage in the lower bin, accommodating up to 13 DVD cases; 2 liters in the console's removable upper tray holds phones, PDAs and the like. And with the optional 115-volt AC outlet at the console's rear, there's power available for small appliances or toys.

Low-back reclining front buckets (with a fold-flat front-passenger option) and 60/40 split-folding rear seats with four reclining positions (that lean back to a restful 33-degree angle and also fold flat forward) offer comfort combined with flat-out utility. In fact, the 2008 Jeep Liberty offers the most flexible seating and cargo capability in its class.⁽¹⁾

⁽¹⁾Based on total available passenger and cargo configurations of vehicles in the *Automotive News* 2007 Entry-Level Sport-Utility segment.

When you're packing people, dogs and cargo, it can be a challenge to keep things under control. Grab the stuff that doesn't pay attention when you say "Sit!" and use Liberty's six tie-down loops to hold 'em in place. (If you can train cargo to sit on command, you've got a bright future.)

Don't worry about getting dirty. After the fun, stow your gear in Liberty's standard reversible cargo tray. Play with the washable side; be serious with the other— it's carpeted to look like you mean business. You'll fool 'em every time.

¹⁰Always check entire surroundings before backing up.

²¹Late availability.

²³Always sit properly in the seat with the seat belt fastened. Always observe the passenger air bag indicator lamp to determine if the OCS classification is appropriate. Children 12 and under should always be in the backseat correctly using an infant or child restraint system or the seat belt positioned correctly for the child's age and weight.

²⁴MyGIG in-dash DVD capability is not available in all states. See your local dealer for details.

AUTHENTIC JEEP ACCESSORIES

When you enhance your Liberty with Authentic Jeep® Accessories by Mopar, you gain far more than substantial style, premium protection or extreme entertainment. You also benefit from the authentic difference found only in an original equipment accessory. It's a difference that demands tighter tolerances and envelope-pushing testing methods. And one backed by a superior warranty* serviced by Jeep dealerships nationwide. Choose the full line of accessories that feature a fit, finish and functionality designed specifically for your Liberty. Explore the possibilities at mopar.com.

[A] Chrome Grille. This Jeep exclusive meets the toughest corrosion requirements, with a heads-up design that won't adversely affect engine airflow. **Chrome Fuel Filler Door.** This sculpted one-piece design brightly complements any body color. **Chrome Bodyside Moldings.** Add a bit of bold brightwork to your Liberty's trim. **Chrome Tubular Side Steps.** These premium steps feature extra-wide, textured stepping surfaces for easy entry and exit. **Chrome Front Air Deflector.** Say "yes" to style and "no" to gravel, dirt and other debris scratching and damaging the hood of your new Liberty. **Roof Box Cargo Carrier.** This tough, locking thermoplastic carrier keeps your cargo dry and secure and features a gas-cylinder opening system. Mounts to **Sport Utility Bars** (sold separately). **18-inch Black Pocketed Cast-Aluminum Wheel.** Our premium wheels are machined to match your Liberty's hubs for a smooth ride. They also undergo stringent testing to ensure a long-lasting sparkle.

Have fun out there. Jeep

JEEP IS A REGISTERED TRADEMARK OF CHRYSLER LLC.

2009 **Jeep**® **Liberty**

Shown left to right: Jeep Commander Overland in Brilliant Black Crystal Pearl, Compass Limited in Light Sandstone Metallic, Wrangler Unlimited Rubicon in Detonator Yellow, Liberty Limited in Deep Water Blue Pearl, Patriot Limited in Jeep Green Metallic, Wrangler Rubicon in Flame Red, and Grand Cherokee Overland in Bright Silver Metallic.

7 vehicles. 1 purpose.

Climb into a dirt-throwing, snow-gripping, hill-defying, road-embracing, story-collecting Jeep® vehicle and thrills are guaranteed. For over 65 years, we've been taking fun-lovers to some of the world's most adventurous destinations. Every Jeep vehicle is purpose-built to put a world of excitement within easy grasp, giving you permission to confidently go where others may fear to tread. Today, discover what's new with a legendary lineup that includes Jeep Wrangler, Wrangler Unlimited, Patriot, Grand Cherokee, Commander, Compass and Liberty. A modern-day icon, Jeep Liberty is surefooted and nimble with its wide stance, fine-tuned suspension and steering; strong-legged with its legendary Jeep brand capability; and very well equipped with standard and optional finery. The road to adventure is comfortably accessible with Liberty.

jeep.com/liberty

Have fun out there. Jeep®

Best-in-class capability is at our core.

At the heart of the 2009 Jeep® Liberty lies a powertrain that puts less capable class rivals to shame. Feel confident when you head out in your Liberty with its Lifetime Powertrain Limited Warranty,⁽¹⁾ the best coverage in the industry.

Rest assured that your SUV's strongest assets are protected throughout your ownership. Liberty's available four-wheel-drive system, Selec-Trac® II, boasts BEST-IN-CLASS 4WD performance⁽²⁾ due to its unmitigated strength and real-time traction response. Selec-Trac II is constantly adjusting to road conditions to produce optimum grip on the road at all times. Should traction loss occur, Selec-Trac II immediately blasts the lion's share of torque onto the wheels with the most grip. Liberty's standard 3.7L V6 engine produces a robust 210 hp and 235 lb-ft of torque at 4,000 rpm, with a generous dose of power at the engine's low end that provides more pull when the going gets tough. The standard Hill Start Assist (HSA) will momentarily hold brake pressure as you climb, fighting vehicle rollback and eliminating the need for two-footed driving in many off-road situations. The available Hill Descent Control (HDC) assists when Liberty comes down the mountain. Active in 4LO when the HDC button is depressed, it mimics the mighty Wrangler Rubicon's 4LO crawl ratio using automatic braking, allowing the driver to smoothly descend hills in a slow and controlled manner. JEEP TRAIL RATED® vehicles are designed to perform in a variety of off-road conditions identified by five performance categories: ARTICULATION — The ability to keep tires in contact with the ground, providing traction to climb over large obstacles. TRACTION — The ability to transfer power to the road or trail along with the ability of the suspension to keep the wheels in contact with the terrain. MANEUVERABILITY — The ability to navigate around obstacles that are tightly situated. GROUND CLEARANCE — The ability to drive over large obstacles or logs in combination with approach/departure/breakover angles. WATER FORDING — The ability to cross a specific depth of water at a specific speed.⁽³⁾

⁽¹⁾No deductible. See dealer for a copy of limited warranty details. Non-Transferable. Not available on SRT®, diesel vehicles and certain fleet vehicles. ⁽²⁾Based on the *Automotive News* 2007 Entry-Level Sport-Utility segment. ⁽³⁾Do not attempt water fording unless depth is known to be less than 20 inches. Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas.

Don't forget the sunscreen.

Attention sun-lovers, fresh-air aficionados and all those who appreciate the fineries of a well-appointed road warrior. Step into a 2009 Jeep® Liberty equipped with the industry-exclusive Sky Slider™ full-length, fully retractable roof and you can command a world-class drive while simultaneously enjoying a tanning experience like no other. With one simple touch of a button, the optional Sky Slider roof automatically retracts to give you that special one-of-a-kind Jeep brand open-air ride. The Sky Slider roof has the largest opening in its class,⁽¹⁾ creating a unique room with a view — a free-and-clear panorama to the sky — that lets you see, unencumbered, straight into the upper atmosphere. An anti-trap safety system⁽²⁾ immediately sends the Sky Slider roof into auto-reverse if an obstacle is detected during operation. The Sky Slider roof opens front to back exposing both rows of seating, and back to front revealing only the second row, or any position in between. The roof is integrated into the vehicle's body via a reinforced safety cage-like frame consisting of 10 lightweight aluminum crossbars that help maintain structural integrity and add an element of protection. The reinforced nylon fabric nests into a specially designed weather-strip seal that's purposefully created to virtually eliminate wind noise when closed. Factory installation ensures optimum fit, finish and function. Professional mud splashers were charged to take the new Sky Slider roof through the snowiest, iciest, messiest gauntlet imaginable. What fun they had, spraying dirt in Sky Slider's track, dousing it with salt water, whipping it with extreme wind and rain, piling it with snow and ice. And at the end of the day, after taking Sky Slider beyond two lifetimes of use that included 19,000 opening and closing repetitions, our testers gave it kudos all around. So go ahead. Jump into your Liberty with its Sky Slider roof and feel free to have fun out there. Just don't forget to put on some sunscreen. ⁽¹⁾Based on the *Automotive*

News 2007 Entry-Level Sport-Utility segment. ⁽²⁾Detects most obstacles. As with all electronically controlled systems, care is advised.

The power of a quiet ride.

The 2009 Jeep[®] Liberty cuts a strong and aggressive profile on the road, but step inside the cabin and you'll enjoy a ride that delivers world-class comfort. The drive is smooth and quiet, recalling a calm oasis of tranquility. That's because just about every inch of Liberty has been tuned to reduce distracting noise, vibration and harshness. Proof is in the design details that go deep, from Liberty's Teflon[®] lined pivot bushings on the suspension that contribute to the system's quiet operation to the optimized filters for the booster air intake on the brake actuation system that virtually eliminate airflow noise. Liberty's long wheelbase and wide track provide sure footing for an even and stable ride. The independent front suspension and five-link rear suspension deliver a smart blend of cruising comfort and nimble handling. This helps to make Liberty an elegant touring vehicle of choice for the upscale crowd. Front and rear stabilizer bars help balance tire loads, adding to Liberty's outstanding on- and off-road performance. These help the rugged adventurer confidently head out into uncharted territory. Power-assisted rack-and-pinion steering imparts assurance with precise, advanced vehicle control. "Anti-dive geometry" helps keep Liberty more level during braking and "anti-squat geometry" helps get rid of that funny, unattractive "bounce" that low-brow vehicles sometimes have during heavy acceleration. Liberty's standard 3.7L V6 engine with Electronic Throttle Control (ETC) produces a healthy 210 hp and 235 lb-ft of torque at 4,000 rpm, for a generous dose of power at the engine's low end. This translates to more "pull" when the going gets tough. The engine's pistons are made of lightweight aluminum and precision-forged powder metal connecting rods that minimize weight and help contribute to the high rpm capability. The sophisticated ETC system improves drivability using computer-programmed throttle opening and closing rates for more precise speed control. It all adds up to an engine that's a smooth and quiet performer with excellent durability.

Jeep® Liberty Limited shown in Deep Water Blue Pearl.

Play it safe out there.

2009 Jeep® Liberty receives the highest marks — Five Stars — during crash tests conducted as part of the U.S. Department of Transportation's SaferCar.gov program.⁽¹⁾

For you, Liberty's Five Star award means you can head out in your 2009 Jeep Liberty with confidence, knowing you're outfitted with a comprehensive set of safety and security features. The air bag⁽²⁾ system includes side-curtain and advanced multistage driver and front-passenger air bags. Liberty's Electronic Stability Program (ESP)⁽³⁾ integrates a host of systems that all work together for the greater good. These systems include a four-wheel antilock brake system (ABS), all-speed traction control, a Brake Assist system that automatically helps provide quicker braking power in emergency situations, Electronic Roll Mitigation (ERM) that can apply appropriate braking to appropriate wheels when sharp steering actions and/or impending wheel lift is detected, and Hill Start Assist (HSA). Liberty's available Trailer Sway Control (TSC) works in tandem with ESP. By alternating brake pressure, it helps reduce trailer sway and helps improve handling in adverse towing conditions caused by crosswinds and traffic. The standard Sentry Key[®] Antitheft Engine Immobilizer helps deter vandalism and break-ins by monitoring doors, ignition and liftgate key cylinders while making it nearly impossible to successfully start the engine without the encoded key. Standard tire pressure monitoring systems continuously monitor the

pressure in the tires and will immediately notify the driver when levels drop below the minimum acceptable level. Choose the available Rain-Sensing Automatic Wiper System and any snow, slush or rain that falls on your parade is cleared away the moment it appears.

⁽¹⁾Star ratings are part of the U.S. Department of Transportation's SaferCar.gov program (safercar.gov). ⁽²⁾Always sit properly in the seat with the seat belt fastened. Always observe the passenger air bag indicator lamp to determine if the Occupant Classification System (OCS) is appropriate. Children 12 and under should always be in the backseat correctly using an infant or child restraint system or the seat belt positioned correctly for the child's age and weight. ⁽³⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt.

Sky-high tech.

uconnect gps

uconnect studios

uconnect phone

uconnect Introducing uconnect, Jeep® brand's greatest, latest high-tech in-vehicle infotainment system yet. This collection of integrated digital systems lets you bundle communication, entertainment, and visual capabilities, making you the master of your domain. It's factory installed and at your beck and call to let you enter the sky-high world of on-demand communication and entertainment the moment you take the wheel. **uconnect gps** The 6.5-inch touch screen provides entertainment, information, and communication, all through an AM/FM/CD/DVD⁽¹⁾ stereo system. A 30GB hard drive lets you store photos, playlists, maps, and points of interest, as well as rip, stash, organize, and shuffle up to 4,200 digital music files from your CDs, integrated USB port, or exterior input jack. Voice recognition allows you to easily change radio stations and play digital audio files. There is also the convenience of full mapping, turn-by-turn navigation with real-time traffic updates using SIRIUS® Satellite Radio.⁽²⁾ The included uconnect phone provides even greater hands-free, voice-activation capability with your Bluetooth® compatible phone. **uconnect studios** Liberty's standard uconnect studios, featuring SIRIUS Satellite Radio, gives you access to over 130 channels, including 100% commercial-free music, sports, news, talk, entertainment, traffic, and weather. **uconnect phone** Go high-tech with an in-vehicle, voice-activated communication system that allows you to talk on your Bluetooth compatible phone virtually hands-free. Comes bundled with uconnect gps. **uconnect web** Turn your vehicle into a WiFi Hotspot with this Authentic Jeep Accessory by Mopar. It allows every passenger in your vehicle to harness the power and entertainment value of the Internet at the same time. The uconnect 6.5-inch touch screen in Jeep® Liberty shown actual size.

Jeep[®] Liberty Limited shown in Jeep Green Metallic.

Get carried away by chrome.

Limited. The attention garnered from a nice dose of chrome trim can take you far. The exterior of the 2009 Jeep® Liberty Limited is touched with just the right amount to announce your arrival in style. Chrome surrounds Limited's iconic seven-slot grille and shines from the body-side molding, standard roof-rack side rails and available 18-inch chrome-clad aluminum wheels. Exceptional road manners are helped by Liberty's Short-Long-Arm (SLA) independent front suspension, a solid axle five-link rear suspension and power rack-and-pinion steering. Carry your chrome over hill and dale with the help of Liberty's standard 210-hp 3.7L V6 engine enhanced with Electronic Throttle Control (ETC). It can be matched to the available Selec-Trac® II for full-time 4WD action. This system gives you four-wheel-drive capability "on demand," based on real-time driving conditions. When facing a challenging uphill climb, rough terrain or extremely poor traction surfaces, the transfer case includes a 4WD Low mode that puts you in charge of an added dose of capability. The available ParkSense® Rear Park Assist System⁽¹⁾ uses sound waves to detect nearby obstacles in and near the rear path of the vehicle to help maneuver tight spaces at parking speeds. A release button on the key fob remotely raises Liberty's rear flipper glass and also lowers the driver and front-passenger windows, making it convenient to reach inside without having to unlock and open the rear hatch or four doors. **STANDARD:** Premium Chrome Accents, 3.7L SOHC V6 Engine with Electronic Throttle Control and 4-Speed Automatic Transmission, Command-Trac® Part-Time 4WD (4x4 models), UniFrame Construction, Antilock Brake System, Electronic Stability Program (ESP), Brake Assist, All-Speed Traction Control, Electronic Roll Mitigation (ERM), Hill Start Assist (HSA), Sentry Key® Antitheft Engine Immobilizer. **AVAILABLE:** Selec-Trac Full-time 4WD, Class III Trailer Tow Group with Trailer Sway Control (TSC), Hill Descent Control (HDC), 18-Inch Chrome-Clad Wheels, Rain-Sensing Automatic Wiper System, Remote Start System, Power Sunroof or Sky Slider™ Fully Retractable Roof. ⁽¹⁾Check entire surroundings before backing up.

The outer limits of interior luxury.

Limited. The 2009 Jeep® Liberty Limited offers the discriminating adventurer a long list of posh standard features and a robust selection of luxurious options. If you're a fan of soft, supple leather trim, you will be delighted to find Limited's cabin outfitted with premium leather trim that puts the good stuff in all the right places: on the center console armrest,

front grab handle, front door armrests and even on the parking brake boot. Create a handy table-like surface with the fold-flat front-passenger seat. Nine ∞Infinity® speakers, including a 368-watt amplifier and subwoofer, are standard and when paired with the optional uconnect gps with real-time traffic updates through SIRIUS Satellite Radio, you've got a world-class voice-activated communication center with touch-screen capability at your beck and call. The Universal Consumer Interface (UCI) allows you to control your iPod® through a 6.5-inch touch screen on the uconnect gps, customizing your driving experience even more. A 115-volt AC outlet is conveniently situated at the rear of the center console and can power up laptops, gameboxes and other small electronic devices. A button on the key fob can open the front windows from afar, a nice feature that can refresh and cool before entry. Once you're on the road, the available Rain-Sensing Automatic Wiper System goes into action the moment raindrops fall to quickly clear the windshield and save the day. **STANDARD:** Stain Repel seat fabric⁽¹⁾ with embroidered Jeep logo; 6-Way Adjustable Power Driver's Seat; Fold-Flat Front-Passenger Seat; uconnect studios including SIRIUS Satellite Radio; AM/FM Stereo Radio with CD/MP3 Player; Side-Curtain Air Bags; Tire Pressure Monitoring Warning Display; Leather-Wrapped Steering Wheel with Audio, EVIC, and Speed Controls; 115-Volt Auxiliary Power Outlet; Universal Garage Door Opener. **AVAILABLE:** Premium Leather-Trimmed Seats, Rain-Sensing Automatic Wiper System, Heated Front Seats, Jeep® Memory System, uconnect gps, Nine ∞Infinity® Speakers, uconnect phone, Automatic Temperature Control, ParkSense® Rear Park Assist System. ⁽¹⁾Not compatible with aftermarket fabric-protecting coatings.

Jeep® Liberty Limited leather-trimmed interior shown in Pastel Pebble Beige.

You've got room to play with.

Sport. The 2009 Jeep[®] Liberty Sport has the BEST-IN-CLASS trophy for the most flexible seating and cargo options,⁽¹⁾ no matter how you want to configure it. Cargo capacity is functionally fun, providing 31.5 cu ft with the rear seat up and expanding to a maximum 64.2 cu ft with Liberty's 60/40 split-folding rear seats moved to the "down" position. A strong and standard 4-speed automatic transmission gets you going, and the adventurous-minded can power up to the available Selec-Trac[®] II 4WD system for added capability during on- and off-road travel. Properly equipped, Sport can tow up to 5,000 lb, winning the nod for UNSURPASSED TOWING.⁽¹⁾ Sport pipes out sound via a standard AM/FM/CD/MP3 stereo with auxiliary input jack and a 6-speaker sound system that boosts the beat with near-reality digital processing power.

Factory-installed uconnect studios, including SIRIUS Satellite Radio, gives you access to over 130 channels, including 100% commercial-free music, sports, news, talk, entertainment, traffic and weather. When you enhance your Liberty with Authentic Jeep Accessories by Mopar, you gain more style, premium protection, powerful performance or extreme entertainment. You also benefit from the authentic difference found only in an original equipment accessory. It's a difference you'll recognize in the higher standards and tighter tolerances required of original equipment accessories. And one you'll appreciate in our stricter testing measures, from impact performance tests to harsh on- and off-road durability testing. Choose from the full line of accessories that feature a fit, finish and functionality designed specifically for your Liberty. Explore the possibilities at mopar.com. STANDARD: 3.7L SOHC V6 Engine with Electronic Throttle Control and 4-Speed Automatic Transmission, Command-Trac[®] Part-Time 4WD (4x4 models), Antilock Brake System (ABS), Electronic Stability Program (ESP) with All-Speed Traction Control, Electronic Roll Mitigation (ERM), and Hill Start Assist (HSA), Advanced Multistage Driver and Front-Passenger Air Bags, Side-Curtain Air Bags, Tire Pressure Monitoring Warning System, AM/FM Stereo Radio with CD/MP3 Player, Sentry Key[®] Antitheft Engine Immobilizer.

AVAILABLE: Selec-Trac II Active 4WD, Hill Descent Control (HDC), Stain Repel Seat Fabric, Fog Lamps, 115-Volt Auxiliary Power Outlet, Sky Slider[™] Fully Retractable Roof or Power Sunroof. ⁽¹⁾Based on the *Automotive News* 2007

Entry-Level Sport-Utility segment. ⁽²⁾Properly secure all cargo. ⁽³⁾This product is designed solely to enhance the vehicle's appearance; it is not intended to prevent injury or damage in the event of an accident.

Jeep

REWARDS VISA®

treadlightly!®

It's a Jeep® thing.

From the start, there was a bond. People started to wave at each other. Groups formed, networks were made, roads were traveled. In a nutshell, “living the Jeep life” meant, and still means, something more than just owning a vehicle. It’s like joining an extended family. And in our modern age, technology affords us some incredible ways to communicate. Read: the Internet, the World Wide Web. That big *magical* place. It’s opened a gazillion doors into the lives of Jeep enthusiasts far and wide. People are sharing their enthusiasm for the brand in new, unique ways. Which leads us to ... The Experience. Next to jeep.com, the Jeep Experience site (jeep.com/experience) houses everything that relates to the Jeep

JEEP.COM/GEAR

news, events, history, swag, as well as links to Jeep YouTube™ channel, Facebook® profile and Flickr® photo group. All of these elements are the glue of the community. Part bulletin board, part show-and-tell. Fans post notes, share photos, share videos — share experiences. To summarize, Jeep Experience is a haven for Jeep fans — people just like you — who want to join something bigger. And, really, that’s just a scratch on the surface. It’s like describing a sunset ... it’s better to see it. So go see this site. Owner or not, the table is still set for you. Visit us today. jeep.com/experience

2010 Jeep
Liberty

Purpose built.

Whether you're out on the trail or heading to the big city, the 2010 Jeep® Liberty is built to deliver. It keeps you going with world-class Jeep brand capability that's paired with a very long list of standard and available premium features. Its athletic stance and game-for-it attitude make Liberty a vehicle that's at home in any setting.

Choose from two Liberty models, the playful Sport and the well-appointed Limited. Then take it from there. Outfit Liberty with innovative features like a Media Center 730N radio with GPS navigation, our exclusive Sky Slider™ roof, or Selec-Trac® II full-time four-wheel-drive, to name just a few. Head out with purpose, and build from there. This is how you enjoy living the Jeep life and everything it has to offer.

How a trademark becomes a benchmark.

At the heart of the 2010 Jeep® Liberty lies a powertrain that puts less capable class rivals to shame. Liberty's available four-wheel-drive system, Selec-Trac® II, is the most advanced system in its class⁽¹⁾ due to its unmitigated strength and real-time traction response. Selec-Trac II is constantly adjusting to driving conditions to produce optimum grip on the road at all times. Should traction loss occur, Selec-Trac II immediately blasts the lion's share of torque onto the wheels with the most grip.

You'll get more pull when the going gets tough with Liberty's standard 3.7L V6 engine. It produces a robust 210 hp and 235 lb-ft of torque at 4,000 rpm, with a generous dose of power at the engine's low end that helps generate strong take-off power, especially noticeable in towing situations.

The standard Hill Start Assist (HSA) fights vehicle rollback to eliminate the need for two-footed driving in many off-road situations. The available Hill Descent Control (HDC) is active in 4LO when the HDC button is depressed. It mimics the mighty Wrangler Rubicon's 4LO crawl ratio using automatic braking, allowing the driver to smoothly descend hills in a slow and controlled manner.

⁽¹⁾Based on the *Automotive News* segmentation.

JEEP TRAIL RATED® vehicles are designed to perform in a variety of off-road conditions. Five performance categories outline the superior capabilities that all Trail Rated vehicles share.

ARTICULATION

A Trail Rated suspension system is limber like a gymnast. How exactly? Flexibility is the key to good articulation. The more a wheel can travel and suspension flex, the better it can maintain contact with terra firma and provide the traction needed to cross an array of obstacles.

TRACTION

The vehicle maintains forward momentum through the tires staying in contact with the road or trail. Trail Rated traction helps you stay in control on untamed terrain, slippery (wet, mud, snow) conditions, and on steep grades.

MANEUVERABILITY

Athletic. Agile. Trail Rated. Jeep 4WD vehicles have the footwork to help navigate narrow gaps, dodge emergency situations, and avoid cosmetic damage to the underbody, thanks to precision steering and optimized wheelbases.

GROUND CLEARANCE

Help keep your belly out of the mud. Clear nasty logs, rocks and uneven ground while helping to prevent undercarriage damage. Trail Rated vehicles feature optimized approach, departure, and breakover angles to keep you in the clear.

WATER FORDING⁽¹⁾

Hit that riverbed with confidence. A Trail Rated Jeep vehicle features additional electrical and body sealing, along with a high air intake location for optimum water fording capability.

⁽¹⁾Do not attempt water fording unless depth is known to be less than 20 inches. Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas.

Happiest with **room to move.**

Safety first.

★ ★ ★ ★ ★
FIVE-STAR

HIGHEST GOVERNMENT
FRONT & SIDE CRASH RATING

Jeep® Liberty has received the highest marks — Five Stars — during front and side crash tests conducted as part of the U.S. Department of Transportation's SaferCar.gov program.⁽¹⁾ You can head out with confidence, knowing you're outfitted with a comprehensive set of safety and security features.

The air bag⁽²⁾ system includes side-curtain and advanced multistage driver and front-passenger air bags. Liberty's Electronic Stability Control (ESC)⁽³⁾ integrates a four-wheel antilock brake system (ABS), all-speed traction control, a Brake Assist system that automatically helps provide quicker braking power in emergency situations, and Electronic Roll Mitigation (ERM) that can apply appropriate braking to necessary wheels when sharp steering actions and/or impending wheel lift is detected.

The available Trailer Sway Control (TSC), illustrated at right, works in tandem with ESC to help improve handling in adverse towing conditions caused by crosswinds and traffic. Front-seat active head restraints⁽⁴⁾ move forward and upward in the event of a rear-end-collision to decrease the space between the headrest and occupant's head, thereby helping to reduce the chance of injury — a new standard safety feature.

⁽¹⁾Star ratings are part of the U.S. Department of Transportation's SaferCar.gov program (safercar.gov). ⁽²⁾The Advanced Front Air Bags in this vehicle are certified to the new Federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. ⁽³⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. ⁽⁴⁾Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint.

Beat inflation issues.

Liberty's standard Tire Pressure Monitoring Systems continuously monitor the pressure in the tires and will immediately notify the driver when levels drop below the minimum acceptable level.

Air bags shown deployed for illustrative purposes only.

Sky-high tech.

With Uconnect™, you're always connected — to people, places, music, movies, and the Internet.

Voice Command. Lets you select radio stations, satellite radio channels,⁽¹⁾ and navigation⁽¹⁾ destinations using voice commands. Works with all Uconnect Media Center radios. Included with Uconnect Phone.

Uconnect Phone. Lets you talk on your Bluetooth® compatible phone virtually hands-free. Address Sync⁽²⁾ lets you call anyone in your address book by saying their name.

Audio Jack. Connect a 3.5-mm audio cable from your MP3 player, phone, or electronic book reader to play audio through your car's speakers.

Media Center 730N AM/FM/CD/DVD⁽³⁾ Radio with 30GB Hard Drive and GPS

Navigation. 6.5-inch touch screen, MP3/WMA support, USB input, 4,250 song capacity, SIRIUS® Satellite Radio,⁽⁴⁾ SIRIUS Traffic,⁽⁵⁾ and Voice Command.

iPod® Control. Connect most iPod-compatible devices to your car's stereo using the in-car cable; then control them with your radio or steering wheel controls. Keeps the devices charged too. iPod Control is an Authentic Jeep® Accessory by Mopar.

Uconnect Web.⁽⁶⁾ An in-car router that connects any Wi-Fi-enabled device to the Internet at 3G broadband speeds, allowing multiple passengers to surf the Web and social networks, look up directions, check eMail, or download music. Uconnect Web is an Authentic Jeep Accessory by Mopar. Subscription required, sold separately.

⁽¹⁾When satellite radio and navigation features are equipped on your vehicle. Any voice-commanded system should be used only in safe driving conditions and all attention should be kept on the roadway ahead. Failure to do so may result in an accident causing serious injury or death. ⁽²⁾Phone must support Bluetooth Phone Book Access Profile (PBAP) ⁽³⁾In-dash DVD capability not available in all states. See your dealer for details. ⁽⁴⁾SIRIUS service available only in contiguous United States and D.C. Service available in Canada; see siriuscanada.ca. Subscription required after 12-month subscription included with vehicle purchase. Subscriptions governed by SIRIUS Terms & Conditions available at sirius.com. SIRIUS, XM, and all related marks and logos are trademarks of SIRIUS XM Radio Inc. and its subsidiaries. ⁽⁶⁾The Uconnect Web feature is not intended for use by the driver while the vehicle is in motion.

Journey into the interior.

Choose the road best-traveled. The 2010 Jeep® Liberty offers more comfort and convenience features and flexible seating and cargo options than any other vehicle in its class.⁽¹⁾ Cargo capacity is functionally fun, providing 25.2 cu ft with the rear seat up and expanding to a maximum 60.9 cu ft with Liberty's 60/40 split-folding rear seats moved to the "down" position. Liberty Limited is loaded with premium standard features, including a plush leather-trimmed interior, heated driver and front-passenger seats, and nine ∞Infinity® speakers with a 368-watt amplifier including a subwoofer. When paired with the optional Media Center 730N navigation radio, you have a world-class voice-activated communication center with touch-screen capability and real-time traffic updates via SIRIUS® Satellite Radio.

Liberty Sport's new and standard air filtration system can filter out particles down to 10 microns in size, like pollen, mold spores and dust, to help keep micro allergens at bay.

⁽¹⁾Based on *Automotive News* segmentation.

The little details make a big difference.

A standard fold-flat front passenger seat creates a handy table-like surface. Liberty's flexible interior works with you to allow configurations that accommodate gear, people, and pets.

Properly secure all cargo.

Jeep® Liberty Limited leather-trimmed interior shown in Dark Slate Gray.

Traction speaks louder than words.

Jeep® Liberty plays the strong and silent type to perfection, looking every part the hero with its recognizable Jeep brand seven-slot grille and aggressive profile. A long wheelbase and wide track give Liberty sure footing and its exceptional road manners are helped by a Short-Long-Arm (SLA) independent front suspension, a solid axle five-link rear suspension, and power rack-and-pinion steering. The standard and extremely capable 210-hp 3.7L V6 engine is enhanced with Electronic Throttle Control (ETC) and can be matched to the available Trail Rated® Selec-Trac® II for full-time 4WD action and the power to tow up to 5,000 lb.

Liberty Limited adds attention-getting chrome to the grille, bodyside molding, standard roof rack, side rails and liftgate. The available ParkSense® Rear Park Assist System⁽¹⁾ uses sound waves to detect nearby obstacles in and near the rear path of the vehicle to help maneuver tight spaces at parking speeds. Liberty Sport conveniently includes standard power, heated, manual folding mirrors.

Both Limited and Sport models include the smart and safe Sentry Key® anti-theft engine immobilizer that virtually eliminates a thief's ability to start the engine without the encoded key.

⁽¹⁾Always check entire surroundings before backing up.

Big, bold, open-air Sky Slider™

Step into a 2010 Jeep® Liberty equipped with the industry-exclusive Sky Slider full-length, fully retractable roof and you and your passengers will get a wide-screen view of the world like no other. With one simple touch of a button, the optional Sky Slider roof automatically retracts to give you that special one-of-a-kind Jeep brand open-air ride. Liberty's innovative Sky Slider roof has the largest opening in its class⁽¹⁾ with a 255 percent (3.5 times) larger opening than the competition. An anti-trap safety system immediately sends the Sky Slider roof into auto-reverse if an obstacle is detected during operation. The Sky Slider roof opens front to back exposing both rows of seating, and back to front revealing only the second row, or any position in between. The roof is integrated into the vehicle's body via a reinforced safety cage-like frame consisting of 10 lightweight aluminum crossbars that help maintain structural integrity and add an element of protection. The reinforced nylon fabric nests into a specially designed weather-strip seal that virtually eliminates wind noise when closed. Fully tested and approved by professional mud-, snow-, and slush-splashers.

⁽¹⁾Based on the *Automotive News* segmentation.

Sport

- 3.7L SOHC V6 Engine with Electronic Throttle Control
- 4-Speed Automatic Transmission

- 60/40 Flat-Folding Rear Seats
- Tire Pressure Monitoring Display System

⁽¹⁾Not compatible with aftermarket fabric-protecting coatings. ⁽²⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. ⁽³⁾Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. ⁽⁴⁾Always sit properly in the seat with the seat belt fastened. Always observe the passenger air bag indicator lamp to determine if the Occupant Classification System (OCS) is appropriate. Children 12 and under should always be in the backseat correctly using an infant or child restraint system or the seat belt positioned correctly for the child's age and weight.

Jeep[®]

Build your Liberty at jeep.com.

1967 Jeep[®] Super Wagoneer

LEGENDARY LINEAGE. When Jeep[®] Liberty entered the compact SUV landscape in 2002, another Jeep brand legend was born. Today, Liberty claims the role of modern-day hero, still. With its classic profile and road presence, Liberty capitalizes on the "go anywhere" Jeep brand attitude: decisively tough, incredibly refined, and utterly capable. Liberty epitomizes a strength of purpose that's designed to take every hard-core adventurer up, over, and beyond, arriving at destinations that other less-accomplished pretenders only dream of reaching.

Jeep[®]

*Standard and available equipment shown. A note about this brochure: All disclaimers and disclosures can be found on the inside back cover.

The enduring standard for peak off-road capability. Jeep® Liberty remains true to its Trail Rated® roots, fortified with time-tested components that give you the freedom to go anywhere and do anything. Whether you ride up and into territories unknown, plunge through 15 inches of rushing river, or head out onto roads buried in fresh snow, Liberty's Trail Rated mantra of unmatched capability holds true for all who take the wheel. Get in, grab on, and go.

BOLDLY GO.
Liberty's aggressive ground clearance and approach/departure angles give you permission to take on the gnarliest trails.

BE ARTICULATE.
A flexible suspension system and a tight turning diameter help keep you grounded and grabbing terra firma.

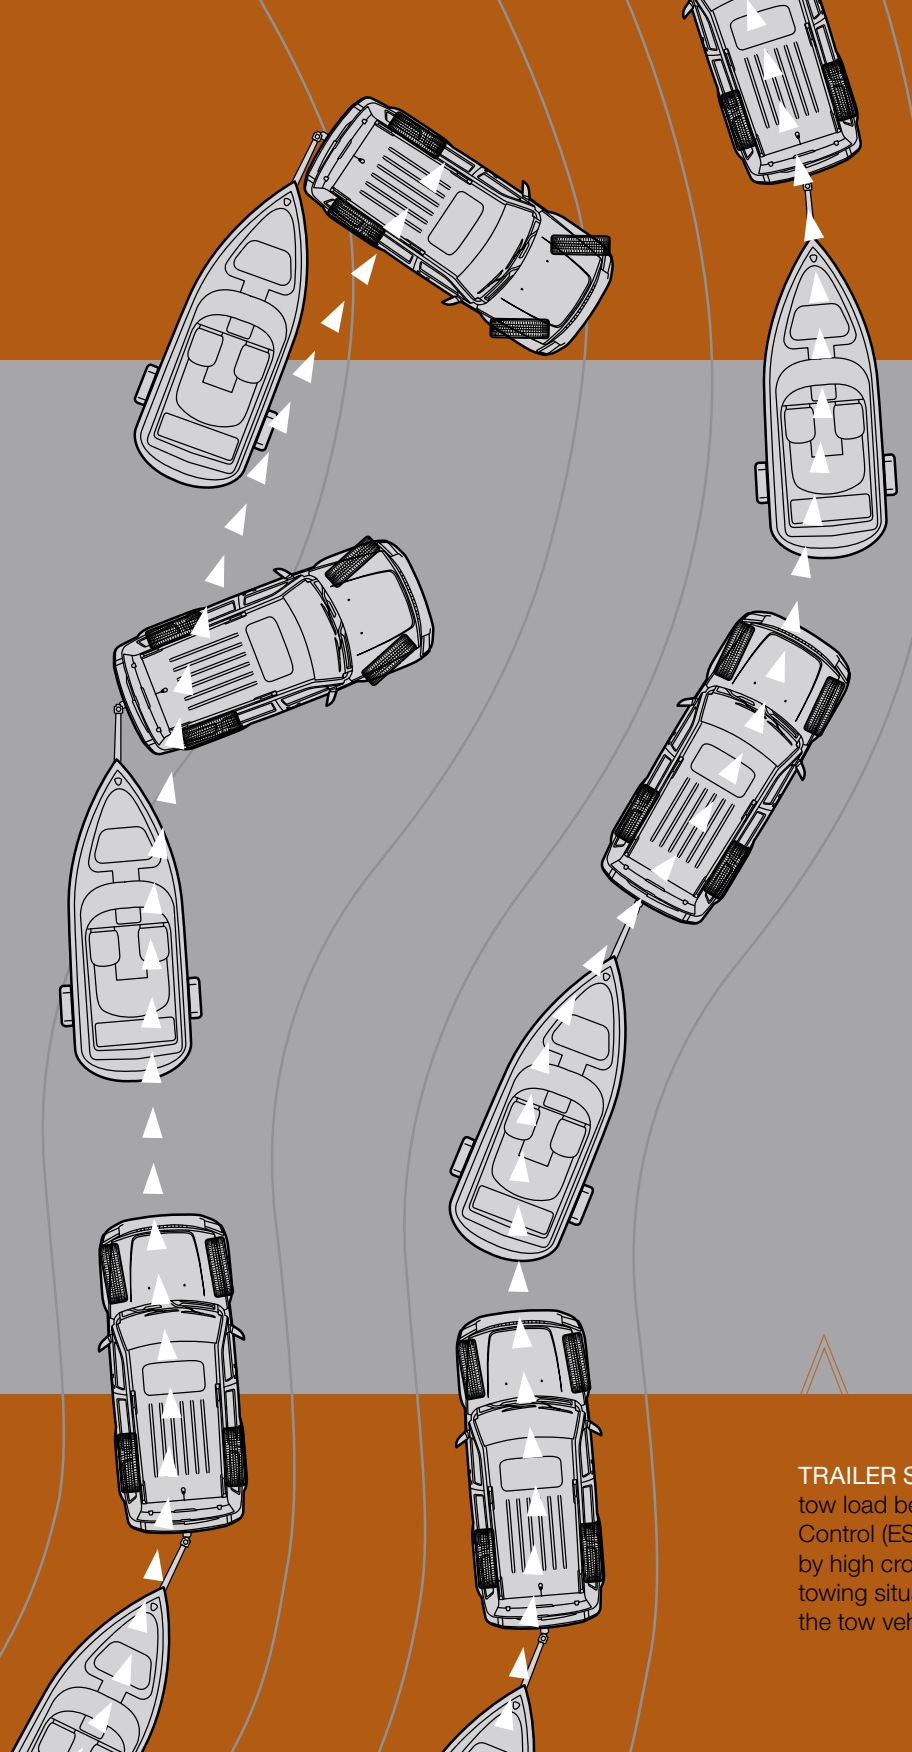

POSSESS PRECISION.
An optimized wheelbase combined with rack-and-pinion power steering smooths the road below for a very controlled, even ride.

SELEC-TRAC® II: 4WD AUTO OR 4-LOW.
Full-time active "on-demand" capability instantly increases or decreases torque between front and rear axles.

Liberty's got your front, your side, and your back. Head out with confidence, knowing that Liberty's robust set of safety and security systems can give you and your passengers peace of mind on the road and on the trail. Liberty's air bag system is standard, and includes side-curtain and advanced multistage driver and front-passenger air bags⁽³⁾ with an Occupant Classification System (OCS) for added security. Also standard are supplemental side-curtain air bags⁽³⁾ with roll-sensing technology for the added safety of outboard occupants.

ELECTRONIC STABILITY CONTROL (ESC)⁽⁴⁾

A vehicle-wide network of safety sensors provides instant aid when it detects that you're veering off your intended path. ESC integrates a four-wheel antilock brake system (ABS), all-speed traction control, a Brake Assist system that automatically helps provide quicker braking power in emergency situations, a Brake-Lock Differential that enhances side-to-side traction control, and Electronic Roll Mitigation (ERM) that can apply appropriate braking to necessary wheels when sharp steering actions and/or impending wheel lift is detected.

PARKSENSE[®] REAR PARK ASSIST SYSTEM⁽⁶⁾

Shift into Reverse and back out with more confidence. This system helps bring previously hidden rear objects to your attention with an audible and visual warning.

FRONT-SEAT ACTIVE HEAD RESTRAINTS⁽²⁾

A standard safety feature that can help stave off neck injuries. Restraints automatically react and deploy to help provide protection during rear-impact collisions.

TIRE PRESSURE WARNING LAMP. The warning lamp is standard and a Tire Pressure Monitoring Display is available. This system provides notification of high or low pressure on individual tires via an instrument panel readout.

REMOTE KEYLESS/ILLUMINATED ENTRY. There's no need to fumble with packages or search for the right key. Simply press a button on your key fob to simultaneously light entryways and gain access to your vehicle.

TRAILER SWAY CONTROL (TSC)⁽⁴⁾ This available system helps manage the tow load behind you. It works in tandem with Liberty's Electronic Stability Control (ESC)⁽⁴⁾ to help improve handling during adverse conditions caused by high crosswinds or traffic. When the system's sensors detect an unsafe towing situation, selective brake pressure is applied on alternating sides of the tow vehicle to help reduce the sway.

Stay connected to the people, music, and devices that matter most. Uconnect® is an intuitive hub for all your media — cell phone, Internet, satellite radio, navigation system, MP3 player, and smartphone — designed to make your life easier, wherever you roam.

PHONE. Talking on the phone while driving has never been easier — or more responsible. Uconnect Phone is the in-vehicle voice-activated communication system that allows you to talk on your Bluetooth® compatible phone virtually hands-free. This clever system is also smart enough to synchronize with your Bluetooth compatible phone's address book⁽⁷⁾ — up to 1,000 entries — every time you get into your vehicle.

WEB. Put the power of high-speed Internet in your vehicle with Uconnect Web.⁽⁵⁾ Effortlessly connect any WiFi-enabled device to the Internet at 3G broadband speeds from up to 150 feet away. Use multiple devices at the same time. This unique Authentic Accessory by Mopar transforms your vehicle into a mobile WiFi Hotspot. No need for cell cards or software — connectivity is all done wirelessly.

VOICE COMMAND. It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Vocally select FM radio stations or SIRIUS⁽¹¹⁾ Satellite Radio channels. Make and receive calls. Select navigation destinations, and record voice memos. This smart system technology can also be trained to better recognize your voice and can understand commands in English, French, and Spanish.

ENTERTAINMENT. Manage all of your media. You'll have multiple ways to access audio, including SIRIUS Satellite Radio⁽¹¹⁾ (your first year of service is included), a 30GB hard drive, Voice Command and Bluetooth Streaming Audio. Rear Seat Video,TM an authentic Jeep[®] accessory from Mopar, can be accessed via SIRIUS Backseat TV,^{TM(11)} DVDs, compatible multimedia devices, and gaming consoles.

NAVIGATION. It provides enhanced GPS navigation and destination entry via voice command and SIRIUS Traffic^{TM(11)} for real-time traffic information on the go. It can also locate nearby restaurants, shopping, hospitals, or points of local interest. Includes accident alerts, road closings, and traffic flow. Your first year of SIRIUS Traffic⁽¹¹⁾ service is included.

SIRIUS TRAVEL LINK.^{TM(11)} Access a wealth of information at your fingertips, including national and local weather reports, local gas prices, in-game and final sports scores, weekly movie times, even local ski slope conditions. Subscription is required after one-year complimentary service (late availability).

GARMIN. NAV.[®] Offered for the first time is a Media Center featuring navigation from Garmin, the most recognized name in GPS wayfinding. The new Media Center features Garmin's intuitive user interface, bringing the Garmin hand-held experience to a factory in-dash radio.

17-inch Victory aluminum painted Tech Silver Liberty Limited (Standard)

18-inch Echelon chrome-clad cast aluminum Liberty Limited (Available)

Jeep® Liberty Limited. Begin with Limited's standard and very inviting leather-trimmed interior, heated driver and front-passenger seats, and nine amplified speakers with a subwoofer. Option the Uconnect® Media Center 730N navigation radio featuring the convenient SIRIUS® Travel Link,^{TM(1)} and you'll get real-time traffic updates and fuel prices, plus SIRIUS Weather.^{TM(1)} Where your journey ends will be far and above all the rest.

SKY SLIDER.® With one simple touch of a button, your world opens up. The available Sky Slider full-length, fully retractable roof puts you and your passengers in touch with fresh-aired outdoors. It opens front to back, exposing both rows of seating, and back to front, revealing only the second row, or any position in between.

LIBERTY LIMITED. STANDARD: Leather-wrapped steering wheel, leather-trimmed seats, chrome grille, bodyside moldings, and roof-rack side rails, heated front seats, 17-inch aluminum wheels, eight amplified speakers with powered subwoofer. **AVAILABLE:** Sky Slider roof, ParkSense® Rear Park Assist System,[®] remote start.

SKID PLATE GROUP. Renegade comes ready to rock, right out of the box. Its standard Skid Plate Group provides protection for your fuel tank and transfer case, plus front suspension skid plates and tow hooks. A must-have for every off-road adventurer.

16-inch Keystone aluminum painted Mineral Gray
Liberty Renegade (Standard)

Jeep® Liberty Renegade. Complement your worldly-and-wild nature. Renegade combines craftsmanship and style with an exclusive hood decal, blackout headlamp lenses, accent-color fender flares and fascia, and standard rugged roof-rack side rails. A standard Command-Trac® II 4WD system adds proven Jeep brand capability, while a standard premium interior package puts you in touch with a leather-wrapped center console armrest, door armrest, passenger grab handle, steering wheel, shift knob and parking brake boot.

LIBERTY RENEGADE. STANDARD: Accent-color hood decal, fender flares, fascias and wheels, Command-Trac II 4WD system, Hill Descent Control (HDC), rugged roof-rack side rails, Skid Plate Group, premium cloth seats in Dark Slate Gray. **AVAILABLE:** Selec-Trac® II 4WD system, remote start system, leather-trimmed seats, heated front seats, Jeep® Memory Package, power 6-way driver and 2-way passenger seats.

FEAR NO MUD. Liberty's reversible cargo tray is a welcome feature for those who like to keep their goods neatly stowed. One side is carpeted and the other reveals a 2-inch-deep washable cargo tray perfectly designed to transport your muddiest sporting gear.

16-inch Keystone aluminum
Painted Sparkle Silver
Liberty Sport (Standard)

Jeep® Liberty Sport. Liberty's standard and extremely capable 210-hp 3.7L V6 engine is enhanced with Electronic Throttle Control (ETC) and can be matched to the available Trail Rated® Selec-Trac® II for full-time 4WD action. With standard power-assisted rack-and-pinion steering, independent front suspension and five-link rear suspension, Sport delivers a pleasing blend of nimble cruising comfort and road manners. Go ahead. Just for the Sport of it.

ROOM TO MOVE. Liberty provides 26.1 cu ft of cargo capacity with the rear seat up and expands to a maximum 62.4 cu ft with Liberty's 60/40 split-folding rear seats moved to the "down" position. Liberty also offers best-in-class comfort and convenience features and flexible seating and cargo options.

LIBERTY SPORT. STANDARD: 16-inch aluminum wheels, Electronic Stability Control (ESC),⁽⁴⁾ power-adjustable and heated manual-folding exterior mirrors, steering wheel with audio and cruise controls, premium cloth seats, fold-flat front-passenger seat, SIRIUS® Satellite Radio.⁽¹⁾ **AVAILABLE:** Selec-Trac® II full-time 4WD system, Sky Slider® roof.

WATER GAMES. Trail Rated® Jeep Liberty 4WD vehicles can take you to the water's edge and beyond. These troopers feature additional electrical and body sealing, along with a high air-intake location, for optimum water fording⁽⁹⁾ capability.

Properly secure all cargo.

Always authentic, from every direction. When your Liberty is outfitted with Authentic Jeep® Accessories by Mopar, its notable profile gains even greater distinction. All Mopar products are specifically designed to enhance your vehicle, sculpting it into a creation of impressive taste and style. As the official parts and accessories division of Chrysler Group LLC, you should regard Mopar parts as original equipment, manufactured with the same uncompromising standards as your Jeep Liberty. For the full line of Authentic Jeep Accessories by Mopar, visit mopar.com.

AUTHENTIC JEEP ACCESSORIES

HITCH RECEIVER.⁽¹⁰⁾ Receiver features a 2-inch opening and when properly equipped with weight distributing equipment, allows it to tow up to 5,000 lb.⁽¹¹⁾ Ball Mount, Hitch Ball and Wiring Harness sold separately.

DOOR SILL GUARDS. Durable guards are constructed of brushed stainless steel to enhance the style of your Liberty and protect all four interior door sills from scratches. Guards are easy to install and prominently feature the Jeep logo.

MOLDED CARGO TRAY. Designed to fit the rear cargo area to help protect carpeting. Skid-resistant thermoplastic tray is Black and features the Jeep logo and an embossed area to access the floor tie-downs.

JEEP LIBERTY LIMITED in Bright Silver Metallic outfitted with Authentic Jeep Accessories by Mopar, including 18-inch Black Painted Cast Aluminum Wheel, Black Tubular Side Steps, Front Tow Hooks, Roof Top Cargo Basket with Net, Sport Utility Bars, and Tubular Grille Guard.

TRAIL EDITION CAMPER TRAILERS. Embrace the trails with Mopar's first off-road Camper Trailers, engineered for Jeep capability. Lightweight all-aluminum construction incorporates Jeep Wrangler's rugged design cues, including Rubicon 17-inch cast aluminum wheels, 32-inch Mud Terrain tires, 12 inches of ground clearance, trailing-arm suspension, aluminum cover, and optional 360-degree axis pintle hitch. Unfold to 76 inches of headroom featuring a queen-size bed, foldout sofa, table, cabinet, and 110-volt power supply. Hard-core off-road enthusiasts can up the ante with the **Extreme Trail Edition Camper** and its heavier frame, 35-inch tires, 15 inches of ground clearance, and full-underbody skid plate.

Phone is a registered trademark of Apple Inc. SIRIUS, XM and all related marks and logos are trademarks of SIRIUS XM Radio Inc. and its subsidiaries.

⁽¹⁾ Required SIRIUS Radio, Traffic and Travel Link subscriptions sold separately after trial period. Other fees and taxes will apply. SIRIUS Traffic and Travel Link available in select markets; and SIRIUS data displays and individual product availability vary by hardware equipment. SIRIUS service available only to those at least 18 years of age in the 48 contiguous U.S.A., DC, and Puerto Rico (with coverage limitations), while Internet radio is also available in AK, HI, and PR. Fees and programming subject to change. Service automatically renews and you will be billed, at then-current rates, unless you call 1-888-539-7474 to cancel. Subscriptions governed by SIRIUS Terms and Conditions available at sirius.com. Service available in Canada: see www.siriuscanada.ca. ⁽²⁾ Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. ⁽³⁾ The advanced front air bags in this vehicle are certified to the new U.S. federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. ⁽⁴⁾ No system, no matter how sophisticated, can repeat the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. ⁽⁵⁾ Uconnect Web feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. Subscription required. ⁽⁶⁾ Always check entire surroundings before backing up. ⁽⁷⁾ Phone must support Bluetooth Phone Book Access Profile (PBAP). ⁽⁸⁾ Late availability. Garmin and the Garmin logo are registered trademarks of Garmin, Ltd. or its subsidiaries and are registered in one or more countries, including the U.S. ⁽⁹⁾ Do not attempt water fording unless depth known to be less than 20 inches. Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. ⁽¹⁰⁾ Check Owner's Manual for hitch type, load capacity and heavy-duty equipment required. Do not exceed rated tow capacity of the vehicle as equipped. Towing may require some items not supplied by Mopar. ⁽¹¹⁾ When properly equipped.

As a founding member and official partner, we urge all Jeep owners to "Use common sense and stay on designated trails" and follow Tread Lightly! Guidelines, helping preserve the beauty of our landscape for generations to come. Call (800) 966-9900 or visit treadlightly.org to learn more.

Travel responsibly on designated roads and trails or in permitted areas.

Respect the rights of others including private property owners and all recreational trail users, campers and others, to allow them to enjoy their recreational activities undisturbed.

Educate yourself by obtaining travel maps and regulations from public agencies, planning for your trip, taking recreation skills classes, and knowing how to use and operate your equipment safely.

Avoid sensitive areas such as meadows, lakeshores, wetlands and streams, unless on designated routes. This protects wildlife habitat and sensitive soils from damage.

Do your part by leaving the area better than you found it, properly dispose of waste, minimize the use of fire, avoid the spread of invasive species, restore degraded areas, and join a local enthusiast organization.

Jeep®

LIBERTY

ALL-WEATHER HERO. WHETHER YOU RIDE INTO TERRITORIES UNKNOWN, PLUNGE THROUGH THE TORRENT OF A RUSHING RIVER, OR HEAD OUT ONTO ROADS BURIED IN TWO FEET OF FRESH SNOW, LIBERTY'S AVAILABLE 4x4 TRAIL RATED® PERSEVERANCE HOLDS TRUE. WITH ADVANCED 4WD FEATURES AND A LUXURIOUS INTERIOR, NO MATTER WHERE YOU'RE GOING, GETTING THERE IS ALL THE FUN.

SUPER 4WD NATURAL.

LIBERTY'S POWERTRAIN PUTS LESS-CAPABLE RIVALS TO SHAME, GIVING YOU THE FREEDOM TO MASTER THE EARTH'S TERRAIN IN ANY KIND OF WEATHER. YOU ARE HANDED THE CONFIDENCE TO BOLDLY GO WHERE OTHERS MAY FEAR TO TREAD, THANKS TO THE LEGENDARY AVAILABLE TRAIL RATED® JEEP® BRAND ENGINEERING, INFUSED INTO THE DNA OF THESE MASTERFUL, UTTERLY FORMIDABLE MACHINES.

SELEC-TRAC® II

Selec-Trac II puts you in charge of active and full-time 4WD traction control. This system constantly adjusts to road conditions to produce optimum grip on the surface below. Should traction loss occur, more torque is automatically sent to the tires with the most hold on the road. Available.

COMMAND-TRAC® II

For smooth, shift-on-the-fly 4WD capability, choose Command-Trac II. Its part-time functionality allows you to drive in 2WD High during normal road conditions, with power directed to the rear wheels. By selecting 4WD LOCK via the console-mounted switch, a 50 front/50 rear torque split occurs, providing better traction on slippery surfaces. Available.

3.7L SOHC V6 ENGINE

Liberty's standard power plant produces a robust 210 hp and 235 lb-ft of torque at 4,000 rpm. It provides a generous dose of power at the engine's low end, helping to generate strong take-off power. It all adds up to enough brawny power to tow up to 5,000 lb when properly equipped. Standard.

HILL START ASSIST (HSA) HILL DESCENT CONTROL (HDC)

HSA works to prevent Liberty from rolling away when starting the vehicle on an up- or downhill gradient, holding the vehicle stationary for two seconds to allow time to apply the throttle. Standard. HDC helps Liberty navigate steep declines at a steady speed. Available with automatic transmission.

SKID PLATE GROUP

Head out on the trail with the assurance that your Trail Rated Liberty 4x4 is secure. The Skid Plate Group provides protection for your fuel tank and transfer case and also includes front suspension skid plates, transmission skid plate, and tow hooks. Available.

TRAIL RATED

Keep moving forward no matter what lies ahead. Jeep 4x4s earn Trail Rated status by performing to rigorous standards in five performance categories: Articulation, Traction, Maneuverability, Ground Clearance, and Water Fording^{(1)*} Confidence to Go Anywhere, Do Anything® is born and bred into every Jeep brand transfer case.

*A note about this brochure: All disclaimers and disclosures can be found on inside back cover.

GUARDIAN HERO.

HEAD OUT WITH CONFIDENCE, KNOWING LIBERTY'S ROBUST SET OF SAFETY AND SECURITY SYSTEMS CAN GIVE YOU AND YOUR PASSENGERS PEACE OF MIND ON THE ROAD AND ON THE TRAIL. ACCIDENT AVOIDANCE SYSTEMS ARE STANDARD, LIKE AN ANTILOCK BRAKE SYSTEM, ALL-SPEED TRACTION CONTROL, AND A BRAKE ASSIST SYSTEM, EACH HELPING YOU TO KEEP MOVING SAFELY FORWARD.

AIR BAG SYSTEMS.⁽²⁾ You and your passengers gain all-around security with Liberty's side-curtain and advanced multistage driver and front-passenger air bags. Supplemental side-curtain air bags with roll-sensing technology add to the safety of outboard occupants. An Occupant Classification System (OCS) provides additional peace of mind. Standard.

ELECTRONIC STABILITY CONTROL (ESC).⁽³⁾ A vehicle-wide network of safety sensors provides instant aid when it detects that you're veering off your intended path. ESC integrates a four-wheel antilock brake system (ABS), all-speed traction control, a Brake Assist system that automatically helps provide quicker braking power in emergency situations, a Brake-Lock Differential that enhances side-to-side traction control, and Electronic Roll Mitigation (ERM) that can apply appropriate braking to necessary wheels when sharp steering actions and/or impending wheel lift is detected. Standard.

PARKSENSE® REAR PARK ASSIST SYSTEM.⁽⁴⁾ Shift into Reverse and back out with more confidence. This system helps bring previously hidden rear objects to your attention with an audible and visual warning. Available.

FRONT SEAT ACTIVE HEAD RESTRAINTS.⁽⁵⁾ Helps stave off neck injuries. Restraints automatically react and deploy to help provide protection during rear-impact collisions. Standard.

HALOGEN HEADLAMPS. These bright sources of light improve down-road visibility at night or during inclement weather. Fog lamps are standard on Limited Jet and Limited. Standard.

TRAILER SWAY CONTROL (TSC).⁽³⁾ Helps to manage the tow load behind you. It works in tandem with ESC to help improve handling during adverse conditions caused by high crosswinds or traffic. When the system's sensors detect an unsafe towing situation, selective brake pressure is applied on alternating sides of the tow vehicle to help reduce the sway. Available.

TIRE PRESSURE WARNING LAMP. Provides notification of high or low pressure on individual tires via an instrument panel readout. The warning lamp is standard and a Tire Pressure Monitoring Display is available.

SENTRY KEY® ANTITHEFT ENGINE IMMOBILIZER. Security comes in the form of this advanced system that makes it virtually impossible to drive without a valid key. Standard.

INFORMED AND WELL-CONNECTED.

STAY IN TOUCH WITH THE PEOPLE, MUSIC, AND DEVICES THAT MATTER MOST. UCONNECT® IS AN INTUITIVE HUB FOR ALL YOUR MEDIA — CELL PHONE, INTERNET, SIRIUSXM™ SATELLITE RADIO,⁽⁶⁾ NAVIGATION SYSTEM, MP3 PLAYER, AND SMARTPHONE. YOU'LL STAY CONNECTED, INFORMED, ENTERTAINED, AND FOCUSED ON DRIVING WITH THIS USER-FRIENDLY SYSTEM.

ENTERTAINMENT. Manage all of your media. You'll have several ways to access audio. Get the sound going via CDs/DVDs, MP3s, auxiliary input jack, hard disc storage, Voice Command, SiriusXM Satellite Radio⁽⁶⁾ (your first year of service is included), USB port, and Bluetooth[®] streaming audio.

PHONE. Talking on the phone while driving has never been easier — or more responsible. Uconnect Phone is the in-vehicle, voice-activated communication system that allows you to talk on your Bluetooth compatible phone virtually hands-free. This clever system is also smart enough to synchronize with your Bluetooth compatible phone's address book⁽⁷⁾ — up to 1,000 entries — every time you get into your vehicle.

NAVIGATION. Provides enhanced GPS navigation and destination entry via voice command and SiriusXM Traffic^{TM (6)} for real-time traffic information on the go. It can also locate nearby restaurants, shopping, hospitals, or points of local interest. Includes accident alerts, road closings, and traffic flow. Your first year of SiriusXM Traffic⁽⁶⁾ service is included.

VOICE COMMAND. It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select AM/FM radio stations or SiriusXM Satellite Radio⁽⁶⁾ channels, and make calls. Select navigation destinations, and record voice memos. This smart system technology can also be trained to better recognize your voice and can understand commands in English, French, and Spanish.

WEB. Put the power of high-speed Internet in your vehicle with Uconnect Web.⁽⁸⁾ Effortlessly connect any WiFi-enabled device to the Internet at 3G broadband speeds making your vehicle a mobile Hotspot. Passengers can use multiple devices at the same time. There's no need for cell cards or software with this unique Authentic Accessory by Mopar[®] — it's all wireless. Subscription required. Sold separately.

MEDIA CENTER 730N CD/DVD/MP3 RADIO. Go anywhere, hear everything with this top-line system. Hands-free communication lets you safely talk on the phone, text, or operate the navigation/radio. It arrives loaded with SiriusXM Travel Link,^{TM (6)} SiriusXMTM Satellite Radio,⁽⁶⁾ SiriusXM Traffic,^{TM (6)} and Bluetooth[®] streaming audio.

GARMIN

GARMIN[®] NAV. Head out in the right direction with a Media Center 430N that includes Garmin, the most recognized name in GPS wayfinding. It features the Garmin intuitive user interface and navigation with lane guidance, bringing the popular handheld experience to a factory in-dash screen.

SiriusXM
TRAVEL LINK

SiriusXM TRAVEL LINK.⁽⁶⁾ Access a wealth of information at your fingertips, including national and local weather reports, local gas prices, in-game and final sports scores, weekly movie times, even local ski slope conditions. Subscription is required after one-year complimentary service.

FIRST CLASS,
NOW BOARDING.

1 FIRST-CLASS UPGRADE. + Liberty Jet faces off with impressive blacked-out headlamps, a body-color front fascia with a bright insert, chrome bodyside molding, radical 20-inch polished aluminum wheels, and upgraded all-season tires.

2 REMOTE START SYSTEM. + Operates from as far as 300 feet. This available system starts the vehicle via key fob activation and also activates climate control.

3 SUMPTUOUS CABIN. + This standard premium interior on Jet puts you in touch with a leather-wrapped steering wheel with audio controls and a top-line ∞Infinity® Sound System with eight speakers, plus a subwoofer and 368-watt amplifier.

ROARING TO LIFE ON THE STREET OR TRAIL, LIBERTY JET LEAVES A STUNNING IMPRESSION. PACKING A POWERFUL 3.7L V6 ENGINE, ADD THE ULTRA-CAPABLE SELEC-TRAC® II 4WD SYSTEM FOR FULL-TIME MASTERY OVER ANY ROAD CONDITIONS. ENGAGE THE SYSTEM DURING INCLEMENT WEATHER OR FOR EXTRA TRACTION AFIELD. LIBERTY'S INDEPENDENT FRONT SUSPENSION AND SOLID AXLE FIVE-LINK REAR SUSPENSION PROVIDE A SMART BLEND OF RIDING COMFORT AND AGILITY.

LIMITED

15

LIMITED

BEGIN WITH LIMITED'S INVITING LEATHER-TRIMMED INTERIOR, HEATED DRIVER AND FRONT-PASSENGER SEATS, AND EIGHT AMPLIFIED SPEAKERS PLUS SUBWOOFER. THE STANDARD UCONNECT® PHONE WITH VOICE COMMAND PROVIDES SMART HANDS-FREE CALLING. OPTION THE UCONNECT MEDIA CENTER 730N NAVIGATION RADIO FEATURING THE CONVENIENT SIRIUSXM TRAVEL LINK,^{TM(6)} AND GET REAL-TIME TRAFFIC UPDATES AND FUEL PRICES.

1 POWERTRAIN. + The standard and extremely capable 210-hp 3.7L V6 engine is enhanced with Electronic Throttle Control (ETC) and can be matched to the available Trail Rated® Selec-Trac® II for full-time 4WD action and the power to tow up to 5,000 lb (when properly equipped).

2 SUMPTUOUS CABIN. + A premium leather-trimmed interior puts you in touch with a leather-wrapped center console armrest, door armrest, passenger grab handle, steering wheel, shift knob, and parking brake boot.

3 SKY SLIDER® ROOF. + With one simple touch of a button, your world opens up. The available Sky Slider full-length, fully retractable roof puts you and your passengers in touch with the fresh air outdoors. It opens front to back, exposing both rows of seating, and back to front, revealing only the second row, or any position in between.

WHAT GOES UP,
KEEPS GOING UP.

1 POWER UP. + Sport begins with a standard and extremely capable 210-hp 3.7L V6 engine that's enhanced with Electronic Throttle Control (ETC). It can be matched to the available Trail Rated® Selec-Trac® II for full-time 4WD action (4x4 models only).

2 FEAR NO MUD. + Liberty's reversible cargo tray is a welcome feature for those who like to keep their goods neatly stowed. One side is carpeted and the other reveals a 2.5-inch-deep washable cargo tray perfectly designed to transport your muddiest sporting gear.

3 ROOM TO MOVE. + Comfort and convenience converge with an interior that is as flexible as it is comfortable. Liberty provides 26.1 cu ft of cargo capacity with the rear seat up and expands to a maximum 62.4 cu ft with Liberty's 60/40 split-folding rear seats moved to the down position.

Properly secure all cargo.

THE ADVENTURE NEVER ENDS.

JEEP® JAMBOREES. For those who are driven by an adventurous spirit, we invite you to join us on the trail. You can head for parts unknown or return to fun, familiar places. Jeep Jamboree USA offers off-road adventure weekends that bring together the outdoors, down-to-earth people, and their Jeep® 4WD vehicles. We invite you to explore America's remote backcountry, where great friendships and memories are made.

TRIPCAST™ The Jeep brand invites you to enjoy this free and easy way to track the progress of your trips, post photos and videos, audio clips, and notes from the road to share with friends in real time. It automatically maps your trail using your smartphone or iPhone® GPS capabilities. Link TripCast to your Facebook or Twitter account to post trip updates. Includes Points of Adventure, a database of over 250,000 activity spots, including parks, bike paths, camping areas, ski resorts, and more.

JEEP SOCIAL ADVENTURES. There's more to living the Jeep life when your horizons are expanded to include authentic and active Jeep online communities. Post stories, share photos, watch videos, and get the latest news from Jeep gearheads and engineers. Fellow Jeep enthusiasts are waiting to hear from you on Facebook (facebook.com/Jeep), Twitter (twitter.com/Jeep), flickr (flickr.com/Jeep) and on YouTube (youtube.com/TheJeepChannel). Tune in, turn us on, and get out into the virtual world where thrilling adventures are happening every single day.

iPAD™ APPS. Steer your iPad over to the Chrysler Group LLC page on iTunes® for a full selection of multimedia, fun-to-navigate vehicle apps. You'll find state-of-the-art, fully engaging, touch-based tours on the full lineup of Chrysler Group LLC rides. These robust apps serve up eye-popping and interactive graphics, heart-pumping videos, cool related content links, and detailed information on Chrysler Group LLC's finest automobiles, SUVs, and trucks. You'll enjoy the ride every time you visit.
